Protect your pet, protect our community. Please - License your pet so they get home quickly.

The Oak Creek Police Department has received an increasing number of complaints about off-leash and non-confined dogs. The dogs are reported to be out of owner control when not on a leash. Town codes require all dogs to be leashed when not confined to their yard. There are no voice control provisions in the Town Code.

Due to the increased number of complaints, members of OCPD will be making contact with violators. Citations are possible. During contact we will check for a TOWN license and rabies tags as well.

Now is the time to ensure your companion animal is on a leash, vaccinated against rabies, licensed, and confined to your property as required. Licenses are available at Town Hall for the low price of \$3 for neutered or spayed pets and \$7 for intact pets. You'll need to bring proof of current rabies vaccination for your pet/s when you purchase your license(s).

Violations of Town ordinances relating to pets requires an appearance in court. Fines for each charge can be as high as \$1000.

Dogs who have bitten another animal or a human are subject to quarantine confinement at a shelter. Those charges are in excess of \$250.
