Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. The Easter Basket drawing will be at 11:30 a.m.

Dog and Cat Tags

Please remember to register your pets with the Town. The licenses are good for one year and cost \$3 each. These are important if your animal is loose we can easily return them to you and we don't have to send them to the shelter.

Shop locally for gifts, take the family out for a meal, and support South Routt businesses.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. The Easter Basket drawing will be at 11:30 a.m.

Dog and Cat Tags

Please remember to register your pets with the Town. The licenses are good for one year and cost \$3 each. These are important if your animal is loose we can easily return them to you and we don't have to send them to the shelter.

Shop locally for gifts, take the family out for a meal, and support South Routt businesses.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Basket drawing will be at 11:30 a.m.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Basket drawing will be at 11:30 a.m.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Basket drawing will be at 11:30 a.m.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Basket drawing will be at 11:30 a.m.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. The Easter Basket drawing will be at 11:30 a.m.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Basket drawing will be at 11:30 a.m.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. The Easter Basket drawing will be at 11:30 a.m.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Basket drawing will be at 11:30 a.m.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Basket drawing will be at 11:30 a.m.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. The Easter Basket drawing will be at 11:30 a.m.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Basket drawing will be at 11:30 a.m.

Dog and Cat Tags

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Basket drawing will be at 11:30 a.m.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. The Easter Basket drawing will be at 11:30 a.m.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Basket drawing will be at 11:30 a.m.

Dog and Cat Tags

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

Easter Egg Hunt

The Town of Oak Creek's Easter Egg Hunt will be on Saturday, March 30th. There will be pictures with the Easter Bunny, Easter Crafts, and an Easter Egg Hunt! The Easter Bunny will arrive at 10:00 a.m. and the Easter Egg Hunts will begin at 11:00 a.m. We will have four different age groups: 3 and under, 6 and under, 9 and under, and 12 and under. Snowplowing Information

The Town of Oak Creek's Public Works Department faces the challenge of snow removal each year and after each storm. There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.

There is a lot of planning and logistics that go into maintaining safe streets for our residents. We have a select few places in town that we are able to utilize for temporary snow storage. When there is a break in the weather, Public Works is out and about moving the snow from the storage areas during normal working hours. Main Street is cleared between 2 AM – 6 AM in hopes that the street is clear of cars and most traffic. They then move to clear school bus routes and major streets, hitting alleyways last.

In the effort to help with the removal of snow from streets, it is best to park off of streets until they are cleared if possible, or moving vehicles so that all of the parking areas are able to be cleared. Blowing or plowing snow from your property onto public streets is prohibited. Please be respectful of your neighbors when parking and removing snow from your property. It is a collective effort to achieve the best snow removal and road maintenance for the Town of Oak Creek.
