

Dear David Torgler,

I want to express my sincere interest for the vacant Oak Creek Planning Commission seat.

My hope is that I can bring perspective with my current knowledge of city government and public works. I am committed to contributing my time, skills and energy to best serve the interests of our town. I am dedicated to logic-based development practices that respect our community's heritage and values while also meeting the evolving needs of our population.

Sincerely,

Zach Steinbaugh
